SPORTS

## AvaiBook Sports BibApp

40%

faster when giving the  
bib numbers

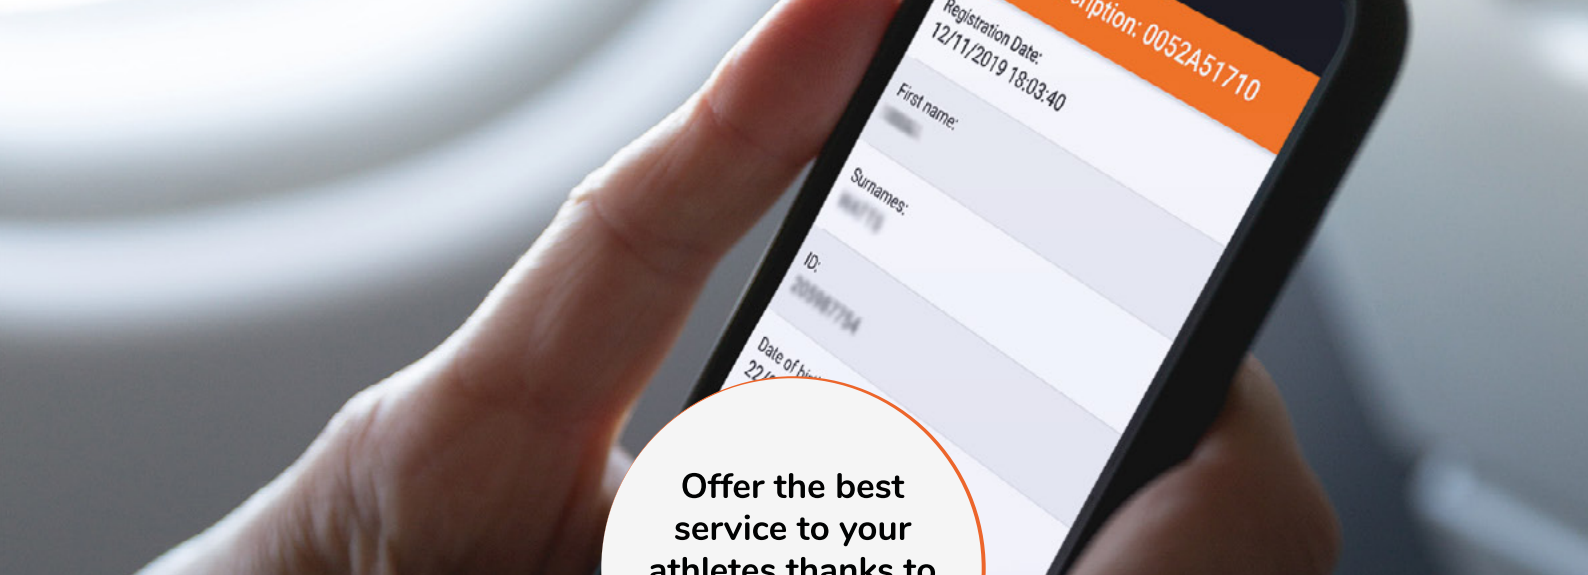

optimize your time, forget  
about the papers!

quickly create as many  
delivery positions as you  
need

Offer the best  
service to your  
athletes thanks to  
AvaiBook Sports  
BibApp\*

## Functionalities

Valid for any smartphone, android or apple!

Manual search with any type of data: dorsal, ID, name, surname ...

Configured in up to four languages: Spanish, English, Italian and German.

Delivery statistics at a glance: numbers delivered, to be delivered ... etc.

Automatic search with the reading of the QR code found in the registration documents of your participants.

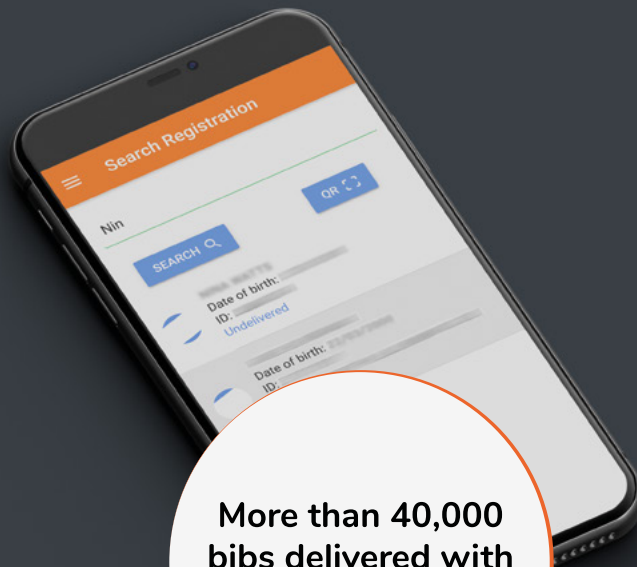

Only the internet connection is necessary to install and download the database. BibApp will synchronize in real time while the connection is active!

\*It is not necessary to have managed your event registrations through AvaiBook Sports, you can use BibApp independently.

**Price**  
without VAT
